

# Between France and Morocco: Diversity in the Francophone World (History 3798.06)

## Project Description

- This Course teaches you about the culture, religious, and racial identities of the two countries
- Locations:
  - France Week 1-2
    - Paris, Aix-en-Provence, Marseille
  - Morocco Week 3
    - Marrakech, Rabat, Fez, Meknes, and Casablanca

## Motivation for Project

- Always wanted to go to France because I took French in High School.
- Never been abroad
- Interested in cultures other than my own.

## What I learned:

I learned a lot about the culture of France and Morocco. This included very controversial topics such as how it is illegal to wear burkas in France. We also learned about immigration in the country of France and explored some of those neighborhoods in Marseille!

## What was Transformational?

Overall, this whole trip was transformational for me. There were a lot of first time things that I did on this trip. This included going on a plane, going to another country, experiencing a different culture, etc.

## Favorite Part:

My Favorite part was exploring the cities on my own and trying all kinds of food that I have never tried before!
